

Pippins Daycare - Wellbeing

A guide for parents

Pippins Daycare is delighted to welcome our children back to nursery and pleased to let you know, a fantastic start to the new term has been had by all.

We understand the children have been at home with one (or both parents and siblings) during Covid- 19 restriction and appreciate, some children (and parents) may be anxious about coming to nursery. Given the circumstances this can be expected. Our staff are ready to support your child's journey.

Pippins Day-care will:

- Monitor our children carefully for signs of withdrawal/attachment issues
- Discuss any concerns with parents
- Ensure activities are provided to encourage friendships to grow
- Listen to any concerns **you** may have about your children
- Encourage children to be independent and regain confidence

Everyone's journey will be different and children's confidence will grow at different rates. Our staff will offer the support and patience to ensure your child develops into a happy, independent and confident learner.

Below are some links we would like to share with you. They may answer some of your concerns and put your mind at rest. Please do speak to a member of staff if you have any concerns.
